Happy Hallowe'en!

Next Meeting Date:

Monday,
October 29 at 8 P.M., at
St. Paul's Church,
2430 K St., N.W.

"Overview of District of Columbia Environmental Budget, plans and programs" by Mr. Francis Riddle, D.C. Department of Environmental Services.

Mr. Riddle, who represented the District of Columbia at the recent Service Area budget presentations throughout the district will give a comprehensive discussion of the D.C. budget, problems, plans and projections with particular attention to SAC 9 and Foggy Bottom, and will welcome suggestions, questions, and provide answers.

LIBRARY PLANNING

Mrs. James M. Newmyer, President of the Board of Trustees of the District of Columbia Public Library, has announced a series of public hearings to be held in libraries throughout the city this fall to find out what people want from their Public Library in the years ahead.

The hearings are an important part of a major goal's study undertaken by the Trustees as a guide to long-range library planning.

Among the questions the Trustees will be asking are "What should be the role of your Public Library over the next ten years?"; "What kind of facility should house its services?"; and "Must library service to all communities be uniform to be equal?"

Hearings will be held in branch libraries on successive Monday evenings at 7:30 P.M. Our West End Branch Library hearings will be November 12.

VOLUNTEERS NEEDED

The District of Columbia Chapter of the American Red Cross needs volunteers to serve in twelve hospitals in the District, including Walter Reed Army Hospital and the Veteran's Hospital. Volunteers are needed to perform many duties in clinics, pharmacies and wards. Many of our hospitals are short staffed which makes the services given by our volunteers so important. Evening and weekend volunteers are needed as well as daytime volunteers. If you can help — please call: Marian Clarke 857-3422, Office of Volunteers.

.....

LAST MONDAY

The monthly Foggy Bottom Association meeting is NOT held on the fourth Monday of the month — it is held on the LAST Monday of the month.

LETTER TO THE EDITOR

Mr. James P. Alexander, Director
Department of Environmental Services
415 - 12th St., N.W.
Washington, D.C. 20004

Dear Mr. Alexander:

I have just read your encouraging response of July 2 to Mrs. Margaret Culhane's letter in the Foggy Bottom News for September and am prompted at this time to add my voice to hers and to other residents of The Bottom who grow more and more depressed by its slovenly appearance.

I'm sure that additional refuse receptacles will be of some help, but I am bothered by the uncut grass and the weeds in the area between curb and sidewalk that harbors litter so successfully. Grass is mowed from time to time but cuttings are not swept up and the mess is almost worse than before. And unless cars are prohibited from parking when the street cleaning crews come around, the gutters will never properly be cleared.

Trees. The sycamores, particularly on the east side of 25th Street between Eye and K, should be trimmed of their long-dead branches, or, preferably, removed, since, without those branches, not much tree will be left. These have been in disreputable condition for years!

I could go on, but think you know and have the picture. I appreciate there's nothing much you can do about slovenly neighbors, of whom the Bottom has its share, and that this area is but one of many in a complex and growing city screaming for attention. However, anything you and the other District departments can do to improve our looks will earn you our everlasting gratitude. Thank you.

Helen-Marie Fruth
925 - 25th St., N.W.

P.S.: On the south side of Eye, between 20th and 21st, outside the cleaning establishment and a pizza parlor, the grass at the curb is as high as an elephant's eye. Please send someone in with a scythe!

REMINDER

All copy for the Foggy Bottom News should be sent to the West End Library, 24th & L Sts., N.W., attention Copy Editor. The deadline for each monthly issue is usually the first Sunday in every month, but it is printed in every issue in the Masthead on page 2.

WILLIAM FRANK RULE, 77, a longtime resident of 940 - 25th, died August 24, apparently of a heart attack. Mr. Rule, who retired in 1957, served in the Navy and worked for the Naval Hospital. He was a familiar figure around the apartment house, as he enjoyed working around the building. Our deepest condolences to his wife, Sue.

Editor, Foggy Bottom News:

Report Aircraft Noise. Be a noise monitor for Washington National Airport. Why should you call 557-2081 to report aircraft noise? This number will connect you with the sound complaint center of Washington National Airport. This is the only way the operations personnel have of knowing the number of people and the area they are living that are being bothered by the aircraft and airport noise. They do attempt to divert the flights and noise to an area where it bothers the least number of people. They know that they are creating a great amount of noise. But they do not know how many people are bothered unless you tell them so.

What other measures could be taken by others? The airlines could install quieter engines. They are available. They will not install them until they are compelled to do so. Let your views be known to the airlines.

Noise abatement procedures could be made enforceable. The present procedures are only suggestive. Let FAA know your views. More flights could be diverted or scheduled from Dulles and Friendship. National Airport is being operated for the congressmen's convenience. They would not permit the "Grandfather" flights to be shifted to the other airports. It would take them 30 minutes longer travel time. Dulles and Friendship airports are being under-utilized and are costing the taxpayer money. Let Congress know your views.

FOGGY DOINGS

Foggy Bottom's peripatetic MARION HART RICE returned to the area in June after a year's absence. Her latest trip took her to Ceylon and several points in between. The unusual thing about the trip (although she would not agree) is that Mrs. Hart is 81 and piloted her own plane. Mrs. Hart was the subject of long articles in the September 6 Washington Post and the Foggy Bottom News some years ago.

Other travelers: MARGARET and CHARLES CULHANE spent an enjoyable August in several cities in Europe. Margaret is continuing classes this year and unfortunately will miss most of the FBA meetings.... Eye Street is having its share of "wanderers" also. CAROL BAILEY spent a month in London this summer, with side trips to Scandinavia.... JACKIE LEMIRE is making plans for a long-awaited trip to Russia in a few months.... IRENE PARSONS, former FBA Board member, vacationed on the beach in Long Island, but sustained a bad fall, leaving her a bit uncomfortable for several weeks.

Sorry to hear that 25th Street's DOROTHY BREWER and Watergate's JEAN KENNEDY recently lost their pets.

MORE TICKETS

The National Symphony Orchestra announces that because of great demand, more student tickets are now available for the Symphony's Midweek concerts. Full-time students under age 26 may purchase a season ticket for 24 concerts for \$30.00 (that's \$1.25 a concert, less than the cost of a movie or even a paper-back!), and obstructed view seats are also available for \$25.00.

Also, a series of 8 Friday matinees is being inaugurated this season beginning October 12th. The programs will include highlights from the Midweek series and student tickets for the 8 concerts are only \$16.00.

Maestro Antal Dorati, the Symphony's Music Director has programmed music that runs the entire length of the serious music gamut. The programs include music by the first of the great classicists with Haydn's Symphony No. 85, "La Reine," to contemporary composers with Marvin David Levy's "Masasa" written for the 25th anniversary of the founding of the state of Israel and Nicholas Flagello's "Passion for Martin," recently composed in memory of Martin Luther King. Other composers whose works will be represented are Mozart, Beethoven, Schubert, Dvorak, Chopin, Tchaikovsky, Brahms, Berlioz, Mahler, Bruckner, R. Strauss, Bartok, Schoenberg and others too numerous to list.

Opening night is October 9. Tuesday, Wednesday, and Thursday concerts begin at 8:30 p.m.; Friday at 1:30 p.m. and all concerts are in the Kennedy Center Concert Hall. For a free brochure call 785-8100.

FAST DELIVERY

True or false: There is no risk in smoking cigarettes if you don't inhale. To find out the answer to this and other questions about cigarette smoking and health, call the Washington Heart Association at 296-4697 and ask for the free booklet, "Cigarette Quiz".

* * *

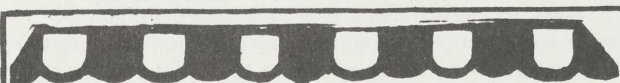

What is hypertension? Find out. Ask the Washington Heart Association at 296-4697 for a free copy of their booklet, "High Blood Pressure." When you know what that is, you'll know what hypertension is.

* * *

It takes two to treat hypertension. Your doctor and you. Yes, your doctor can diagnose the condition — also called high blood pressure — and he can prescribe treatment, but it's up to you to do your part. Whether it's more rest, no cigarettes, or regular medication, your doctor's advice can help only if you follow it. For more information on hypertension, call the Washington Heart Association, 296-4697.

* * *

Cigarette smoking is a widespread habit. About half the men and one-third the women in this country smoke regularly. High as these figures are, an encouraging thing to note is the number of persons who have given up smoking. Seventy percent of the present male population and 40 percent of the female population have smoked cigarettes at one time or another. Fifty-one percent of the men and 34 percent of the women have continued to smoke; the other 19 percent and 6 percent respectively have given up the habit. For more information on smoking and health, call the Washington Heart Association, 296-4697.

In spite of the unbelievable cost of food you are still going to want to entertain your friends at dinner parties and there are menus you can choose which won't decimate your budget. I propose to give you, during the next few months, recipes which will do this and yet seem like party fare. For instance in this menu the water in which the chicken is cooked can become a delicious soup for a first course and the water in which the artichokes are cooked, with the addition of a little milk, can become the sauce for the chicken casserole.

White wine
Chicken soup
* Chicken casserole
Zucchini casserole
Sliced tomatoes
Apple pie with cheese
Coffee

*Chicken casserole

Boil one 2-1/2 to 3 pound chicken in water to cover with a bouquet garni of parsley, celery and a bay leaf and salt and pepper. When the chicken is tender cool it. They carefully remove the chicken meat from the bones in large pieces and place them in a casserole. (Strain the liquor and use as your soup with a handful of cooked rice thrown in and some finely minced parsley.)

Meanwhile cook a package of frozen artichoke hearts according to the directions on the package and reserve the liquid after they are cooked. Lift the artichokes out of the liquor and place them over the chicken pieces.

Make a sauce by melting 1/4 cup of margarine or butter and 1/4 cup of flour, the stock from the artichokes and enough milk to make a sauce the consistency of heavy cream. Add 2 to 3 cups of grated sharp cheese. Use as much as you feel you can afford, either two or three cups, but use a good sharp cheese. Add a little grated nutmeg and salt and pepper to taste. Pour this sauce over the chicken and artichokes in the casserole and sprinkle bread crumbs and a little melted butter or margarine over all. Bake for about 1/2 hour in a 350 degree oven.

The return bus trip through the small community of Round Hill along Route 7 is an added attraction.

Leaders: Paul Van Order (536-4378)
Bob Plaxico (488-3656)

Time: 8:30 a.m. by chartered bus. Cost is \$4.75.
